

# WE ALL NEED WATER

COMBINED SUPPLY OF PIPED WATER AND  
LOCALLY BOTTLED DRINKING WATER

## We play with it

Piped-water is a necessity for the good life. It is useful for very many purposes. But it is not always fit to drink.

Your most important food.  
Your most important medicine.

TYPE1 DRINKING WATER  
LOCALLY BOTTLED

## And we drink it

HVR supplies local bottled water made exclusively for drinking. It is a complement to piped water. It is made by latest technology. It is affordable. It is absolutely pure, then fortified with healthy minerals and delivered in reusable containers, bottles or flasks.
